Coach's Name/Comments:

Offensively, the team did an excellent job of working quality at-bats—being selective and patient in the box and waiting for their pitch, which paid off tonight. Staying disciplined and working the pitch count making solid contact and putting the ball in play putting pressure on the defense to make the outs.

We're still looking for the team to cut down on fielding errors and capitalize on runners in scoring position, but that's all part of the process. Viewing every rep is an opportunity to get better! They're making the necessary adjustments as the game unfolds, learning from each situation, and taking steps forward every time they step on the field.
