Natalie Zarn takes the loss for the Knights doing the distance. Giving up 10 hits, 2 BB's and striking out 4.

After a rough first inning defensively, we settled in behind Natalie and started playing the kind of softball we expect from ourselves. Once the nerves and early miscues were behind us, the group locked in, made the routine plays, and gave Natalie the support she needed to work efficiently.

We had a few calls that didn't go our way, but at the end of the day it always comes back to playing a clean game for all seven innings. What stood out tonight was how the girls handled those moments. Instead of letting frustration take over, they stayed composed, trusted each other, and kept competing.

Record: 6-7
